12 PAGES TODAY

TROPHIES FOR CHAMPS - Eleven trophies await champion animals and best showmen at the Milam County Junior Livestock Show set for Saturday in Cameron. Assistant

County Agent Fred Schuetze and Show Chairman Ed Laywell expect one of the best shows in the event's 24-year history.

## Livestock Show Set

### Trophies Await Jr. Stockmen

Months of preparation and hard work by 4-H Club and FFA boys and girls will be climaxed Saturday when eleven trophies are awarded to champion animals at the Milam County Junior Livestock Show.

A hundred entries will be competing for the trophies, prize money and ribbons, Assistant County Agent Fred Schuetze said.

This year's show will mark the 24th year for the annual event that draws entries from youths all over the county.

The show will be held in the Cotton Compress building on Santa Fe Street in Cameron.

The young exhibitors, all members of Milam County 4-H clubs or FFA chapters, register in four divisions: beef, dairy, swine, and sheep.

Championship trophies will be awarded to the top animal in these classes: steer, breeding beef heifer, dairy female, breeding sheep, fat lamb, breeding swine, and fat barrow.

In addition to the trophy, the champion fat lamb will also be awarded a silver medal by the Texas Sheep and Goat Raisers Association, Schuetze said.

Each entry will receive a ribbon - blue, red, or white. Scoring is by the Danish system, with champions selected from blue ribbon winners.

All animals will be in place at 9 a.m., and judging will start at 10, with Richard Flynt and Larry Keisling, members of the Texas A&M University senior livestock judging team as judges.

Ed Laywell, chairman of the show's board of directors, said 111 entries had been received by Monday night.

Plans and preparations for the show were being completed this week by Laywell and Tommy Chamberlain, vice chairman; Ben Hardy Bailey, secretary; Dana Monroe, treasurer; Erwin Fuessel, reporter; George Weems, general ring superintendent; Henry Richter, swine superintendent; and Clifford Angell, cattle superintendent.

John Batte, a long time supporter of the show, will be announcer and Gene Angell will serve as official secretary for the show.

Four showmanship trophies are being awarded this year in addition to seven championship trophies for the best animal in each class.

### THANKS! Total Continues Gain For 2 Heralds

The Herald greets its growing list of subscribers who have signed up for both issues: CAMERON - Herbert Michalka, Coward's Beauty Shop, Arnold Rummel, Edward Matula, Leo P. Hollas, Lawrence Zolt, James Tate, Oscar Zolt, Mildred Martin, Mrs. Joe D. White, S. Lloyd Cowan, John Resner, Mrs. W. W. Powell, J. C. Cauthen, Bickett Woodruff, Maxie Morgan, Margaret Clark, R. G. Graben, Frankie Ehler, Edison Fikes, Elizabeth Jistel, Willie Glaser, Mrs. A. R. McLerran, Dwight Moody, Ernest Weidman, Myrtle Miller, J. K. Wilkerson, J. R. Callaway, Jim Nenast, Mrs. R. K. Fontaine, Mrs. Rush Thomas, Mrs. Joe Zalesky, John E. Snell, Mrs. Leland Green, Milam Co. Farm Bureau, Annie Arisman, D. L. Burleson, F. W. Vogel-sang, Mrs. Ed Gunn, Joe B. Fikes, Mary J. Matula, Dr. Lyle McDermott, Marie Ann Laake, Mrs. M. E. Anderson, Milton Glaser, Mrs. Lee Shires, Lydia Boedeker, W. B. Burnett, Mrs. Roy Hensley, Lawrence Harris, BUCKHOLTS - Antonio Marak, Henry McCormick, E. E. Odem, U. B. Satterwhite, Jerry Sipula, August Hubnik, H. Glaser, BURLINGTON - Else Kelm, Minnie Vogelsang, Max Schuetze, GAUSE - Bill Gause, Mary Garrison, ROSEBUD - Lawrence Janicek, MILANO - Frank Nelson, AUSTIN - A. B. McFarland, NEW MEXICO - Charlie Nabours, VIRGINIA - James Gibson, KANSAS - Frank Elder, CORPUS CHRISTI - Edith McKinney, TEXARKANA - H. G. Haraway, DALLAS - George Thurman Jr.

Tickets on a butcher calf and butcher hog will remain on sale through 12 noon the day of the show by FFA and 4-H boys and girls. Proceeds from the ticket sales are used to finance the show.

### SCHOOL CENSUS STARTING HERE

All parents of children who will be six years old on or before September 1, 1970, are asked to register them at the superintendent's office for the annual school census.

Supt. D. R. Dodson said the registration blanks are available only at his office in Ben Milam School. The blanks will be sent home by school children if requested by a parent, Dodson said.

Keep your pencils sharpened 'cause you've got lots of work ahead. Income tax returns, farm census and then comes the 1970 U.S. Census of population and housing.

U. S. census questionnaires, some of which have raised invasion of privacy cries, will be mailed to most Milam Countians in March. Some will be asked to return the completed printed form, postage free, by April 1. Others will be instructed to fill it out and hold it until a census taker comes for it. Some will not receive a mailed form and these will be called on individually by a census enumerator.

Robert C. Ford, Waco District Director for the 1970 Census, said 26 census takers will be hired in Milam County. Special training will be given in Waco prior to the national count. Hiring traditionally is by recommendation of the county chairman of the political party in office. For the 1970 census this would be J. Estel Johnston, Rockdale, chairman of the Milam County Republican Party.

The 1960 census counted 22,263 in Milam County, 5,823 in Cameron and 4,510 in Rockdale. The '70 census is expected to show increases for both towns.

Most households (16 of every 20) will receive a three-page form with 23 questions. The same 23 questions plus an additional 43 questions will be asked of 3 of 20 households and 1 of 20 households will answer the 23 questions plus 50 additional questions.

The short form will take about 15 minutes to complete. It will ask the name, age, sex, color or race and marital status of every member of the household. It will also ask the kind and value of your home or the monthly rent cost.

The longer forms will require more detail about your dwelling - how old the house or building is that you live in, what kind of heating system, if you are on city water and sewer lines, if you have an air conditioner and what appliances you own.

The longer forms will also ask about employment, education and military service.

Most controversial question in pretesting was "Is there a bathtub or shower which is shared with another household." In the form that will be mailed in March the word "shared" has been changed to "also used."

This year, for the first time, all of the census data will be tabulated by computer. Because of the computerized operation, preliminary head counts will be available for most local area by the end of May. Secrecy of the information gained is guaranteed

by law with a \$1,000 fine and up to two years in prison for improper disclosure of information.

The penalty for refusal to complete the form is \$100 fine or up to 60 days imprisonment, or both. For willfully giving false answers, the penalty is \$500 or up to one year imprisonment, or both.

Cost of the 1970 census is expected to be about \$210 million dollars, twice as much as the 1960 census. The increase is due to capitol investments for

installing the mail system rather than relying on the door-to-door census taker, and the effort to get a more complete count. Information gained will be used mainly for government planning for housing, welfare and education programs.

## 101 Barrels For No. 2 Ray Woods

Potential text figures were filed last weekend by Houston independent operator Byron Rose for his No. 2 Ray Woods in the Cherokee Navarro field and show it made 101 barrels per day of 40 gravity oil, no water.

It produced from the Navarro on perforations at 2,984 - 3,000 feet on 16 - 64 inch choke under 230 pounds tubing pressure.

Its 101 barrels per day production makes the No. 2 Ray Woods one of the best wells ever drilled in Milam County, and the best in recent years according to available figures.

It tops wells drilled in the Milbur Field two or three years ago where some excellent producers were brought in ranging from 60 to 90 barrels per day.

It also tops the No. 1 Ray Woods, discovery well that opened the Cherokee Navarro field, which made 85 barrels per day on potential.

Rose drilled the No. 2 Ray Woods early in October as the confirm test for the new field. Location is 1,428 feet from the No. 1 Ray Woods.

The well was drilled to 3,066 feet total depth and cased to 3,050 feet with 4 1/2 inch production pipe. It was perforated at 2,984 - 3,000 feet.

It was placed on pump for more than two months before receiving sand - frac treatment. Potential test was delayed until after this had been done.

The fracture treatment has been used in oilfields for ten years or more and has been very successful in the Navarro here in Milam County. It makes the oil bearing formation more porous and usually results in an increased flow of oil for a well.

## Sunday Mail Sees Change

New hours and arrangements for dispatching mail from the Cameron Post Office on Sunday have been announced by Henry Litzman, assistant postmaster.

Starting this Sunday, the post office will close at noon and no mail will be handled inside the office that afternoon, Litzman said.

A truck will pick up mail from the curbside letter box in front of the post office at 6:55 p.m., and that will be the last outgoing mail on Sunday.

Litzman said a clerk will be on duty to handle mail deposited before noon inside the post office, but after that, patrons should drop mail in the outside box before 6:55 to assure it going out that night.

### SCHOOL BOARD MEETS

The Cameron school trustees will meet at 7 p.m. Thursday (tonight) for a regular session in the superintendent's office at Ben Milam School.

YOE CAPTAIN Jerry Richardson crowns Gail Jeter 1969-70 Basketball Sweetheart during halftime activities at Friday's Homecoming game, while co-captain Johnny Steamer and escort Mike Zajicek stand by.

## 110 With F.M.L.

Milam County may just be setting on an oil production rise that would be, by modern standards, the making of a boom. There is much ill of ease in the Mid-East, where much of the world's oil has been coming. Oil exploration is underway in Alaska. J. Paul Getty, the billionaire in oil, is active there. Perhaps Milam County, after 40 and more years of exploration is finding the production so elusive to so many drillers and wildcaters.

110-110-110

From "Target", a national Republican teen magazine:

"Psychedelirium Tremens...."

Remember when hippie meant big in the hips.

And a trip involved travel in cars, planes and ships?

When pot was a vessel for cooking things in?

And be-in meant well organized, tidy and clean?

And grass was a ground - cover, normally green?

When lights and not people were switched on and off?

And the pill might have been what you took for a cough?

When camp meant to quarter outdoors in a tent.

And pop was what the weasel went?

When groovy meant furrowed with channels and hollows.

And birds were winged creatures, like robins and swallows?

When fuzz was a substance that's fluffy like lint.

And bread came from bakeries, not from the mint?

When square meant a 90-degree angled form.  
And cool was a temperature not quite warm?  
When roll meant a bun, and rock was a stone,  
And hang-up was something you did to a phone?  
When chicken meant poultry, and bag meant a sack,  
And junk, trashy cast-offs and old bric-a-brac?  
When jam was preserves that you spread on your bread,  
And crazy meant balmy, not right in the head?  
When cat was a feline, a kitten grown up,  
And tea was a liquid you drank from a cup?  
When swinger was someone who swings in a swing,  
And pad was a soft sort of cushiony thing?  
When way out meant distant and far, far away,  
And a man couldn't sue you for calling him gay?  
When dig meant to shovel and spade in the dirt,  
And put-on was what you would do with a shirt?  
When tough described meat too un-yielding to chew,  
And making a scene was a rude thing to do?  
Words once so sensible, sober and serious,  
Are making the freak scene line Psychedelirious.  
It's groovy, man, groovy, but English it's not,  
Me thinks that the language has gone straight to pot.

## Mrs. Robbins Rites Held

Mrs. Nettie Storey Robbins, 75, died at 2 a.m. Monday at her home on Route 1, Cameron.

Mrs. Robbins was born November 30, 1894 in Milam County, and lived here all her life. She was a member of the Order of the Eastern Star.

Funeral services were held Tuesday at 3 p.m. in the chapel of Marek-Burns Funeral Home, with Rev. J. E. Lafferty officiating. Burial was in Oak Hill Cemetery.

She is survived by her husband, Elmer Robbins of Rockdale; three sons, Bill Storey Jr. of Elgin, Sealy Monroe Storey of Shreveport, Clayton Storey of Corpus Christi; one daughter, Mrs. Florence Jane Frances of San Antonio.

Also surviving are two brothers, Walter Nunley of Rockdale and Buell Nunley of Giddings; three half-brothers, Carl Rose of Cameron, Ralph Rose of Pasadena, and E. L. Rose of San Antonio; one half-sister, Mrs. Celestina Nesbitt of Giddings; 20 grandchildren and 12 great grandchildren.

### POAGE, McCLAREN FILE

Congressman W. R. Poage has filed for re-election to the 11th Congressional District which Milam County is one of the eleven counties. Poage was in Central Texas this week filing in his respective counties. Also filing is Max McClaren, for County Superintendent. He has served four years in the county superintendent's office as federal program coordinator, teacher, and now is supervisor of the Cameron and Hearne Adult Education Program.

## Rosebud To Vote On School Bonds

Rosebud school trustees have called an election on January 31 for the acceptance or rejection of a \$1.3 million bond issue for a new high school.

A week later, on February 7, voters in the Lott Independent School District and in the Rosebud ISD will decide on consolidation of the two districts.

If the bond issue in Rosebud and the consolidation proposal pass, a new high school will be built at Travis, midway between the two cities, to serve the new district.

Trustees of the two districts agree that consolidation and construction of the new high school will result in a better educational program for all students.

Lott has about 150 high school students and Rosebud has 400 students in grades 7-12.

Rosebud School Supt. Billy Bates said "Rosebud has got to do something," adding that the condition of the present high school is such that extensive repairs are necessary if the building is to be kept in use.

According to a report in The Rosebud News, moisture has been seeping into the mortar, gradually breaking down the plaster and weakening the walls.

Ceiling plaster in almost all rooms of the high school has been torn out as a safety measure because all of the ceilings were cracking. The foundation has been found to be moving, or rotating, the report stated.

The school bonds would be retired over about a 22-year period, according to early estimates.

"Because of State Incentive Aid," Bates stated, "and because of Falls County permanent school funds from which the consolidated district could borrow their pro-rata share of the total county money available, the consolidation would save the taxpayers of the Lott - Rosebud ISD \$1.1 million in interest and principal over a 22-year period.

"This would mean that the local tax increase normally associated with a \$1.3 million school bond would not be demanded," Bates said.

NNA SUSTAINING MEMBER—1970

**EASY TO BE POSITIVE. . .**

While Bank deposits increased about 10 percent during 1969, construction hit a near record, if not a record in Cameron, all projects considered, and oil possibilities in South Milam increased measurably.

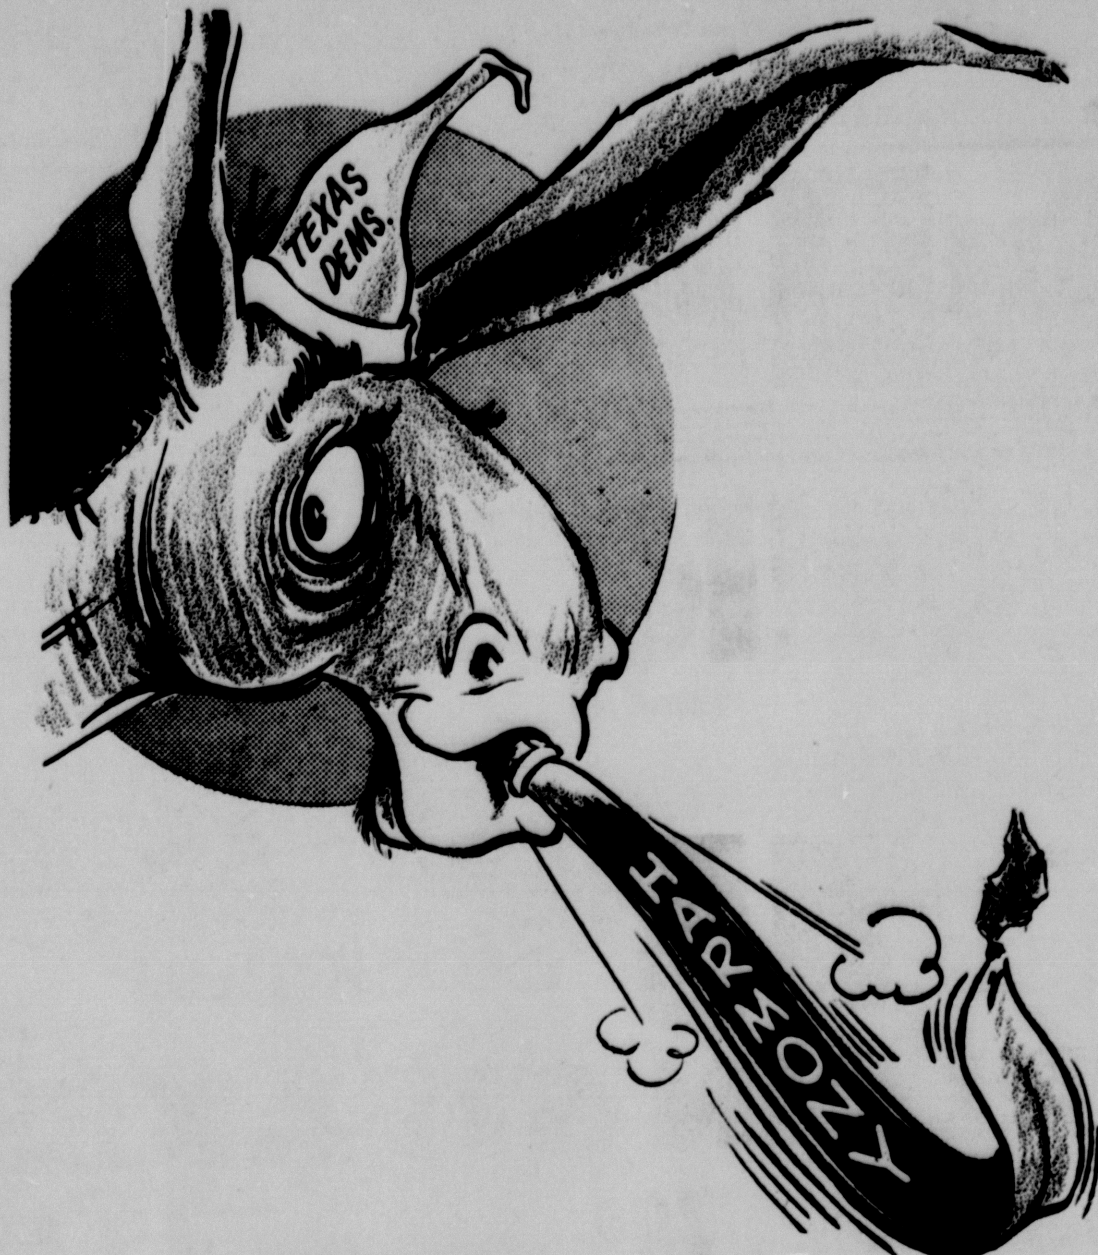

It was a good year for the county, with Alcoa adding an eighth potline to become the largest aluminum smelter and the grazing-cattle industry saw a major year.

The economics of the Milam area totaled out to a strong year, with boom proportions in some quarters by comparison

to the ragged years of the late '50's and early '60's.

It should be continued growth for Cameron in 1970 simply because we are still catching up to the momentous changes occurring in the more populous sections of Texas and the U. S. Some of the problems, by now, are offsetting the economic advantages of a five to 10 years ago.

It is easy to be positive about the Central Texas future. It is an area that is vastly underdeveloped without the rampant overdevelopment which pollutes air and streams and clutters highways with too many cars.

## RESOLUTION FOR 1970 State Readies Attack On Growing Drug Problem

By Vern Sanford  
AUSTIN

Texas' increasing narcotics problem is getting a multiple-front attack at the state level.

State Board of Education endorsed two test projects to find the best ways of teaching young Texans about crime, drugs and driving. Latter will be offered in grades five through 12 under a new state law. A two-year study of driver education methods was assigned to the Texas A&M Transportation Institute.

Gov. Preston Smith, Lt. Gov. Ben Barnes and Atty. Gen. Crawford Martin joined in a pledge to declare an "all-out war on drug abuse."

Smith called a meeting of state agency heads and set a February 1 deadline for reports on their plans to fight the use of narcotics and to decide what else can be done.

Agencies represented included State Health Department, Public Welfare Department, College Coordinating Board, Texas Education Agency, University of Texas, Department of Public Safety and Department of Mental Health and Mental Retardation.

Governor Smith called the drug use "one of the most serious problems that confront the people of this state today."

Barnes urged local grand juries to conduct their own investigations and to bring such cases to a prompt trial.

A 24-month-project will develop teaching materials for a public school course on crime and narcotics.

Initial training of 2000 teachers will begin in February. Model programs will be tested in public schools, 1971-72. Universities, schools, regional education centers and community groups will help with course development work.

tract to sell him Wyoming oil and gas property interests.

up in liberal Bexar County is 62.8 per cent of quota, but conservative Dallas registers 70 per cent and Harris 69.9 per cent.

Midland County in medium bracket has 73.7 per cent registration, Brazoria 90.2 per cent. Midland is key conservative area.

SDEC, through its "Operation: Everybody" is offering awards to counties which meet registration quotas.

**WELFARE ROLLS GROW**

Assistance payments totalling \$364,673,953 went to Texans on public welfare rolls during fiscal 1969, Department of Public Welfare reports.

About 25 per cent of this, or \$90.4 million, medical aid payments \$147.9 million, aid to blind \$36.3 million and aid to permanently and totally disabled \$13.4 million.

More than 161,7 pounds of commodities valued at \$45.8 million went to 1.4 million participants, and \$7 million worth of food stamps were issued.

Average Texas old age assistance payment is \$59.25 a month, 15th from lowest in nation. Average monthly aid to needy families with dependent children comes to \$76.20, compared with top (New Jersey) of \$266.50. Texas AFDC payment is fifth lowest among states.

**ECONOMY STRONG**

Year-end reports by state agencies boast of strong economy and record breaking industrial development during 1969.

Texas Employment Commission says the labor force continues to grow rapidly. Employment went up four per cent from 1968, and the unemployment rate (averaging 2.6 per cent) was lower than for any period recorded by TEC.

Industrial development reached a new high. But what happened in 1969 was just "drop in bucket" to what can be expected in the future, reported Texas Industrial Commission Executive Director James Harwell.

TIC reports an estimated 350 new plants located in Texas last year, compared with 291 in 1968. About 465 plants reported expansions of facilities. Most of the activity was in the chemical, metal and transportation industries.

**COURTS SPEAK**

TEXAS SUPREME Court found no reversible error in the El Paso intermediate court decision that the Maryland Casualty Company suit against a couple in an alleged embezzlement of \$17,000 from an El Paso savings institution must be tried again.

High court granted a \$154,640 damage award to a New Jersey resident who claimed a Dallas concern would not honor a con-

**VOTERS SIGNING UP**

About 1,347,040 Texans had registered to vote in the 12 most-populous counties by January 1, State Democratic Executive Committee reports.

SDEC says the medium-metropolitan counties have shown only a slight increase in registrations during the last 30 days. This group of 23 counties enrolled 282,851 or 35.9 per cent of a potential 676,680. Same counties a month ago had signed up 230,764.

Some SDEC statistics bore out, some contradicted the warning of U.S. Sen. Ralph Yarborough that registration is greatest in Republican and conservative counties.

Greatest percentage of registration in any big county, said SDEC, is Jefferson, a liberal Democratic stronghold where 75.9 per cent of a possible 90,609 already have enrolled. Sign-

## OLD PHILOSOPHER

Dear editor:

An article I read in a newspaper last night got me to thinking and this morning I woke up still thinking and I'm afraid I'm going to have to have some help before I get to the end of the problem, as I'm not too good at figures.

According to it, some scientists have estimated it will take at least 66 million dollars to clear up all the streams and lakes in this country now so scandalously polluted. Another group estimated it'll take 100 billion to eliminate air pollution, in view of the fact we're dumping 800 million tons of pollutants into the air every year. A while back the mayor of New York said it'd take at least 50 billion dollars to make his city really liveable, and the same would go for a lot of other cities which can prove they're just as unliveable as New York.

Then I got to adding up other costs this country is faced with. For example, just to feed, clothe and house the 200 million people in the U.S., it must take at least 2,000 apiece (some take a lot more, some have a lot less), which is 400 billion itself. Defense takes around 60 billion, other Federal expenditures take 140 billion, states, counties and towns take more billions. To keep the payments up and buy gas and oil and tires on a million cars takes several more billion, and even more if somebody smashes a fender. I don't know what it costs to build and maintain the highways of this nation, but it's way up in the billions, when you remember some freeways cost over a million dollars a mile.

Then add up all the other costs, like the billions it takes to fight crime and run the courts, hospitalization costs, color television, sports, travel, visits by in-laws, Christmas presents, weddings, plumbing bills, insurance, exploring space, Congressional pensions, etc., etc., and

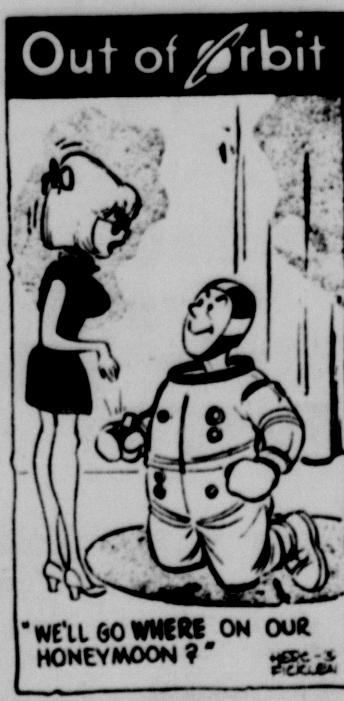

what it comes out to, if you'll check the figures, is around \$1,000,000,000,000 a year, which because I looked it up, is a trillion dollars.

Now say the gross national product, or the total of everything this country produces in a year, is about \$950,000,000,000.

I wish you or some of your subscribers would check these figures, but \$1,000,000,000,000 take away \$950,000,000,000 leaves \$50,000,000, which is how much we're failing to make ends meet.

I looked over my personal figures for last year and, take away some of those zeroes, I'm in about the same shape as the country as a whole, I feel better already. We're all in this together.

Yours faithfully,  
J. A.

### You Don't Say ...

#### GOURMET

if you are referring to a person who takes hearty pleasure in eating but is not particular in what he eats, GOURMAND (GOUR mund is correct for this). GOURMET (goor MAY) refers to one who not only savors every mouthful, but who has a discriminating taste in foods, wines, etc.  
EPICURE (EPP uh kyoor) one given to luxurious living and gratification of the senses; especially a fastidious devotee of good food and drink.

## County Agent's Notes . . .

### Meetings Set For Growers

By J. D. Moore

A county home vegetable garden meeting will be held in the Conference room of the First National Bank, Cameron, starting at 9 a.m. on January 26.

Dr. John Larsen, Vegetable Garden Specialist from A&M will discuss vegetable gardening. The meeting should be over by 11 a.m. Those interested in home gardens are invited to attend.

Following the garden meeting on January 26, Dr. Larsen will visit the greenhouse tomato growers. The tour will leave from the post office in Cameron at 1:30 p.m.

Greenhouses to be visited are: John Zarosky, Cameron; Forest Green, Buckholts; S. C. Bland, Rockdale and P. G. Adams, Salty. The public is invited to attend the tour.

A county grain sorghum and chemical weed control meeting will be held in the District Courtroom in Cameron, January 29, beginning at 7:30 p.m. Ben Spears, Agronomist, and Dr. Rupert Palmer, Chemical Weed Control specialist from A&M, will give the program.

All farmers, farm chemical dealers, and others interested should not only mark these important dates on their calendars, they should attend these meetings.

Grain sorghum varieties adapted to this area, and selected for length of time to maturity are expected to be more profitable. Those farmers who wait until their weeds are "knee high" have waited too long.

Loud noises have little effect on farm-raised animals, reports scientists of the U.S. Department of Agriculture. Farm animals, says Dr. James Bond, an Agricultural Research Service Scientist, adjust rapidly to loud noises and are not permanently distressed.

The 18th annual Texas Farm and Ranch Credit School for Commercial Bankers will be held on the Texas A&M University campus February 16-17. Commercial cattle feeding will be a prime topic of discussion.

## Cottons Do Well In Stiles Tests

THRALL

SP strains of cotton, derived from selections for disease resistance and cold tolerance by Texas A&M researchers, held their own with standard varieties in 1969 demonstration plots at the Stiles Farm Foundation near here.

Even though a wet spring delayed early planting and July and August were exceptionally hot and dry, the SP strains were equal to or slightly better than the variety, Lankart 57, reports Dr. L. S. Bird, A&M cotton researcher.

Lankart 57 usually performs

well in a year like 1969, but SP strains do better when planted early.

Using stripper harvested cotton weights converted to yield per acre, Bird made these comparisons. In pounds of lint per acre, SP 37 yielded 497, SP 21 made 366, and Lankart 57 totaled 384.

Yet, in value per 100 pounds of lint, SP 21 moved ahead of Lankart \$20.20 to \$19.45, SP 37 was tops with \$21.40.

SP 37 was far ahead in total value per acre at \$106.36, SP 21 and Lankart 57 were close with \$75.76 and \$74.69 respectively. Also, seed of the SP strains had higher percentages of oil, nitrogen, ammonium and protein in comparison with Lankart 57, Bird said.

These tests were conducted on plots from a half to one acre in size.

This was the first year of comparison for SP strains at the Stiles Farm; however, these selections have been in demonstrations and formal testing for a longer period, said Calvin Rinn, farm manager.

SP strains differ from other cotton varieties in that emphasis in genetic selection is practically the reverse of classical concepts, Bird explained.

To develop these strains, first priority was placed on resistance and escape from five major diseases, seed and seedling cold tolerance, and resistance to seed deterioration.

Although these traits were given first consideration, strains having poor yielding ability and low fiber quality were eliminated, Bird emphasized. In fact, fiber on SP strains is as good as some selected for improved fiber quality, he added.

Researchers have been pleased with machine picking and stripping of SP strains and note that harvesting losses are less, too.

Demonstration results in various counties and at Stiles Farm have been crucial in helping researchers realize just what they had with the SP types. Studies at Stiles Farm have been on a somewhat larger scale than other tests.

Thirty to forty-acre blocks of SP strains are planned for demonstration at Stiles Farm this coming crop season.

Some foundation seed will be produced this year, but no substantial amount of seed will be available for producers until around 1972, Bird estimated. SP 21, SP 23 and SP 37 are ones likely to meet standards for eventual release, he said.

## ASCS News

By Alva E. Sanders

Producers who plan to participate in the 1970 voluntary wheat, feed grain, or cotton programs may save money by requesting measurement service from their Milam County ASCS Office.

Farmers are urged to put in their requests for measurement service as soon as possible in order to be assured of early service.

The ASCS office makes a charge for the service sufficient to cover cost of the field and office work. In proportion to possible savings to the farmers, the modest charge is well worth it.

Under the voluntary programs, a farmer certifies the acreage he has planted in wheat, feed grain, and cotton. Failure to certify to the exact acreage devoted to each crop and land use can result in substantial reductions in payments otherwise earned under the farm programs.

However, if the acreage has been staked by an ASCS reporter prior to planting or prior to the certification date, the farmer has assurance he will be able to make precise certification.

If his acreage is staked before planting, he need only stay within the staked areas to assure compliance with the programs. If his acreage is measured after planting and before certification, he still will have time to make changes to comply fully with the programs.

The ASCS measurement service provides for staking both the land to be planted to the program crops and the land which is to be diverted from crop production.

Guessing about acreage can cost the farmer money either through over-planting or under-planting. Acreage measurement takes the guessing out.

After a producer has certified his crop acres and his diverted acres he cannot make changes in order to comply with program provisions. If a spot check reveals an error, a penalty must be assessed. Spot checks are made each year on a substantial number of farms participating in the voluntary programs.

Measurement service should be requested at the County ASCS Office. Complete details about the service and the charge for it plus full information about farm program compliance provisions are available.

## BUG PROOF PAPER

The U.S. Department of Agriculture has banned bug-proof shelfpaper impregnated with insecticides chlordane and lindane. The paper cannot be sold across state lines. The shelfpaper "may produce residues in home-stored foods," reports Gwendolyn Clyatt, Extension consumer marketing specialist.

## 4-H NEWS -

By Fred Schuetze

Lance Bullard, Ass't State 4-H Club Leader, will present a program on the role and responsibilities of 4-H adult leaders, on Jan. 19, 7:30 p.m., in the District Courtroom in Cameron. Mr. Bullard is an excellent speaker and was enjoyed by all at his last program.

This program was planned at the request of adult leaders throughout the county and will give each of you a better understanding of your role in 4-H. It is very important that all adult leaders attend this meeting.

4-H Club presidents and adult leaders received a letter concerning items each club is to furnish at the concession stand at the Junior Livestock Show on Jan. 17.

The show will be held in the cotton compress building across from the Mobil warehouse on Sante Fe Street in Cameron.

All items must be in the stand by 8:30 a.m. Club presidents be sure and check to make sure your club members know what to bring and that they bring it. This is very important.

## LIVESTOCK SHOW TICKETS

All tickets and money must be to your club presidents on January 16 so they can have it totaled and in on time on Jan. 17 at the stock show. These tickets and money must be in my hands by 12 noon on the 17th.

## Farm Management Training Meeting Scheduled At Gause

By John E. Snell, ACA

A Farm Management training meeting will be held on Monday, January 26 at 7 p.m., in the Gause community at the Zion Hill Baptist Church.

This meeting will be conducted for small farm operators in Milam County who are enrolled as cooperators in the Intensified Farm Planning Program.

James Denton, Area Farm Management Specialist from Stephenville, will conduct the training and discuss Farm Records, Budgets, and Income Tax Reporting.

The Intensified Farm Planning Program is a pilot program set up in ten Texas counties, including Milam county, to test the effectiveness of the use of agricultural Program Aides working with small farm operators.

Ezra Johnson, who is the Milam county Agricultural Program Aide, has done a good job signing up and working with co-operators since the program was started in April, 1969.

At the present time there are 21 small farm operators enrolled as cooperators in the program. Additional cooperators will be enrolled.

The present cooperators are located in the Branchville, Gause located in the Branchville, Gause, Griffin Chapel, Maysfield, and Six Mile communities.

## The Lonely Heart

Thirty to forty-acre blocks of SP strains are planned for demonstration at Stiles Farm this coming crop season.

Some foundation seed will be produced this year, but no substantial amount of seed will be available for producers until around 1972, Bird estimated. SP 21, SP 23 and SP 37 are ones likely to meet standards for eventual release, he said.

The U.S. Department of Agriculture has banned bug-proof shelfpaper impregnated with insecticides chlordane and lindane. The paper cannot be sold across state lines. The shelfpaper "may produce residues in home-stored foods," reports Gwendolyn Clyatt, Extension consumer marketing specialist.

The U.S. Department of Agriculture has banned bug-proof shelfpaper impregnated with insecticides chlordane and lindane. The paper cannot be sold across state lines. The shelfpaper "may produce residues in home-stored foods," reports Gwendolyn Clyatt, Extension consumer marketing specialist.

FLYING FEET leap off the court in Yoe gym during the Yoeman's Friday cage tilt with Connally. The Yoe varsity downed the visitors 53-42.

## Yoe Nips Cadets

Yoe cagers were really on the ball Friday night as the varsity and B teams smashed through Connally's defenses to win both games.

The last non-district game was also Homecoming for basketballers, and Gail Jeter, Yoe High School junior, was named Basketball Sweetheart during halftime activities.

The Yoe High Band was on hand to pep up the good hometown crowd that cheered Yoe on to a 53-42 victory for the varsity and the 51-47 victory for the B team.

Robert Brashear led Cameron scoring with 21 points. Willie White had nine, and Dean Prokisch, an up-and-coming play-

er, seven. Ronnie Gilbert sparked the B team win with 13 points.

## Your Serviceman

CHARLES BARON

MEMPHIS Navy Airman Apprentice Charles W. Baron, son of Mr. and Mrs. Charles W. Baron Sr. of Route 1, Milano, has completed the Aviation Structural Mechanic Hydraulics School at the Naval Air Technical Training Center, Memphis, Tenn.

The school covers basic hydraulic system operations, troubleshooting and maintenance, as well as stability and control of aircraft, safety precautions and inspection of landing gear.

## AUSTIN PLANS LIVESTOCK SHOW; ENTRIES OPEN

Final preparations are underway for the 1970 Austin Livestock Show.

The new edition of the Official Premium List was mailed to some 130 vocational agriculture instructors and county extension agents in 24 central Texas counties several days ago, according to George Slaughter, president. The show is expected to attract 1500 entries competing for \$25,000 in prize money.

4-H and FFA members in Milam County who wish to exhibit breeding stock in the 1970 Show should contact their local County Agent, Vocational Agriculture Instructor or the Austin Livestock Show, P. O. Box 1967, Austin for necessary cards and instructions.

# Impala.

## It's got more re-sale value because it's got more to re-sell.

One of the nicest things about buying an Impala is selling it. That's because selling it traditionally brings back more of what people put into it in the first place. Money. Where does Impala keep getting its higher resale value? From features like those you see below. Features which explain why America's most popular car for the last nine years will undoubtedly make it ten in a row.

Impala. More to drive. More to re-sell.

More resale value, more popularity, too.

CHEVROLET

Putting you first, keeps us first.

# 1040 U.S. Individual Income Tax Return

## Taxpayers Ask IRS

This column of questions and answers on federal tax matters is provided by the local office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q) When will the new income tax forms be ready and are you going to mail them to taxpayers as you have in the past?

A) The new 1040 tax forms and instructions for 1969 were

mailed to some 75 million taxpayers the last week in December. The forms are also available at local IRS offices as well as many banks and post offices. All taxpayers will use the new basic one-page Form 1040, adding schedules as needed to

accurately report their income and expense situation. It is estimated that over 30 million taxpayers will need just the one-page Form 1040, while another 22 million will have to prepare only one schedule.

To make it more convenient for taxpayers to prepare their 1969 returns, copies of the most used schedules have been included in the tax package. Taxpayers should use only those they need.

Q) In a divorce, who gets to claim the children as dependents?

A) Generally, the parent who has custody of the child is entitled to claim the exemption. The other parent may be entitled to the exemption depending on the wording of the divorce decree and on how much he or she contributes to the child's support.

These rules apply in situations where the divorced or separated parents together provide more than half the child's support and have custody for more than half the year. For more details, ask your local IRS office for a copy of Publication 501, "Your Exemptions and Exemptions for Dependents." It's free.

Q) If I file my 1969 return by the end of January, can I forget about the fourth installment of my estimated tax?

A) You do not need to make

a January 15 estimated payment if you file your 1969 return by February 2 (January 31 is a Saturday), and pay any balance due at that time. But don't forget that 1970 declarations must be filed by April 15.

Q) I have to pay Social Security tax for a cleaning woman I hired this Fall. What is the deadline?

A) The next quarterly return on Form 942 and payment are due February 2 for the calendar quarter ending December 31, 1969, if you paid her \$50 or more in wages during the quarter.

Also due by February 2 is a statement to her covering the total amount of wages paid and Social Security taxes withheld during 1969.

This statement should show your name and address as employer, her name, address and

Social Security number, the total amount of wages paid, the total amount withheld for Social Security tax. The statement should also indicate that the employee's tax of 4.8 percent includes .6 percent to finance the cost of Hospital Insurance Benefits and 4.2 percent for old-age, survivors and disability insurance.

For your convenience, IRS has a form you can use to provide this information to household employees. Copies may be obtained by contacting your local IRS office and asking for Form SS-14.

Q) When should I be getting my W-2 statement?

A) The law requires employers to issue withholding statements by January 31. February 2 this year because the 31st is on a Saturday).

PAGE 6 CAMERON, TEXAS, HERALD, JAN. 15, 1970

Most companies try to issue them as soon as possible after January 1 so their employees may file tax returns early.

Q) Is the new Farmer's Tax Guide ready yet?

A) Yes, contact your local IRS office or county extension agent for a free copy.

Q) I was given some shares of stock this year as a gift. Will I have to pay tax on their value?

A) The person who receives a gift does not have to pay any Federal income tax on the value of the gift. Any income you earn on the gift, such as dividends on stock for instance, should be reported by you for income tax purposes.

The giver of a gift may have

to file a Federal gift tax return depending on the value of the stock. This rule generally applies when a person makes gifts of more than \$3,000 to any one person during a year.

## Garden Club Program On Wood Heritage

Cameron Business and Professional Womens Club met Monday evening at the Club House in Milam and 4th. A building plan and work program for 1969-70 was presented during the business meeting.

Mrs. W. A. Moseley introduced an Arbor Day program of re-taped poems.

Members were served refreshments of sandwiches, olives, potato chips, onion rings and cake by the hostess, Mrs. J. D. Clark. Hot punch was also served.

### CAMERON WOMEN ELECTS 1970 UNIT OFFICERS

Officers for 1970 were recently elected by Woodmen of the World Unit 6996 in Cameron.

Mary Houston is president; Julia L. Brown, vice president; Mazie Price, treasurer; Ellen Hause, chairman of trustees; Cora Matula and Martha Adams, trustees.

Mary Joe Barmore is escort; Angeline Allen, watchman; Myrtle Vanover, sentry; Media B. Caperton, musician; and Mrs. Ida Jones, secretary.

### 'Blow Out' Saturday For 7th 8th Grade At Methodist Hall

It'll be an 'Out of Sight Blow Out' for seventh and eighth graders Saturday night. That is the theme for a dance for Cameron young people being staged at Methodist Fellowship Hall from 7:30 to 10:30 p.m., January 17.

Planners are the Senior High MYF who are decorating the hall with posters, carnivals, booths and horror house. Dancing will be to popular music on record.

It is a dual purpose party, a fun night for seventh and eighth graders, and a money raising effort for the Senior High MYF. General admission price is 50 cents.

### CALIFORNIA VISIT

#### MISS ROBBINS IS CLARKSON VISITOR

Miss Peggy Faye Robbins has returned to her home in Honolulu, Hawaii after her first visit in six years with her family in Clarkson.

Miss Robbins spent the Christmas holidays with her mother, Mrs. C. S. Robbins and Mr. and Mrs. Marion Mitchell and David of Clarkson.

She also visited her brother, the Billy Ray Robbins of Marlin; her sister, Mrs. Thomas Burch and family; her niece, Mr. and Mrs. Burnie Regan, and her nephew, Mr. and Mrs. Jimmy Burch all of Waco.

Mrs. J. C. Hejl and her brother, Edward Juris, spent the Christmas holidays visiting Mrs. Hejl's son and family, Mr. and Mrs. Daniel Hejl and children, Karis and Corey, of Crestline, California. During their visit, they toured points of interest in the San Diego area.

#### HANNAH - EICKENHORST

The wedding of Miss Judy Hannah of Franklin and Mr. Robert Eickenhorst of Cameron will be held at 3 p.m. Saturday at St. Monica's Catholic Church, Cameron.

The members of the Civic Garden Club met last Thursday at the home of Mrs. J. A. Bowling with Mrs. B. D. Clark as co-chairman. During the social hour the hostesses offered hot apple juice and doughnuts for refreshments.

Mrs. Milton Falkner, president, presided for a short business session. Mrs. F. M. Jones was welcomed to the club as a new member.

"America the Beautiful" (We preserve our heritage) was the subject for the topic presented by Mrs. John W. Sapp. She built her presentation (in observance of Arbor Day - January 19) around the interest to preserve some over 35,500 acres of natural area in East Texas, referred to as the String of Pearls in the Big Thicket, for a National Park. Each unit was chosen for the contribution it can make to an overall design. Collectively, these nine designated ecological preserves encompass all that nature can offer.

Mrs. Sapp quoted from Mary Lasswell who wrote in her "I LIT TAKE TEXAS": "I literally could not see the forest for the trees! The great pines, magnolias, and sweet gums I was prepared for,

but not the huge beeches that reached up and rubbed shoulders with giant magnolias. How had they landed here, of all places?

The ice floes must have swept them down with the rest of the rare vegetation. One explanation for the biological island of plant life is that the vegetation found a perfect home in the Thicket. The northern part of the United States was too cold and in the tropical section of the south it was too hot. The Thicket was the perfect breeding and growing ground for these treasures."

In season, beauty is unlimited, produced by many other plants which are thriving in these various ecological areas such as numerous varieties of fern, native rhododendrons, azaleas, terrestrial orchids, wintergreen, barberry, scented myrtle, and various other kinds of plants.

Landowners within the String of Pearls areas support the endeavor to preserve the Thicket and have worked with the Park Service in identifying those areas worth preserving and have declared a voluntary moratorium on timber cutting on land considered for inclusion in the "String of Pearls."

### Mrs. Gus Mutscher Is State Chairman For Mothers March

Mrs. Gus F. Mutscher, wife of the Speaker of the Texas House of Representatives, has been named state chairman for the Mothers March of the January March of Dimes campaign.

Her appointment was announced this week by Clint W. Murchison, Jr. of Dallas, the Texas March of Dimes chairman.

The Mothers March is the major fund-raising effort of the annual March of Dimes campaign against birth defects. This year's Mothers March will be held the night of January 26 in communities throughout Texas.

Thousands of women will take part, marching door to door seeking donations to fight crippling birth defects, which strike one in every ten American families.

The March of Dimes, one of the nation's oldest voluntary fund appeals, has been dedicated to fighting birth defects since its efforts helped conquer polio more than a decade ago.

ENGAGED - Rev. and Mrs. Wright M. Price, Jr. of Flat announce the engagement and approaching marriage of their daughter, Nora Jean to Kenneth Wayne Rudloff, son of Mrs. G. D. Boyd of Brownwood and the late W. A. Rudloff, Miss Price is the granddaughter of Mr. and Mrs. W. M. Price, Sr. of Cameron and Mr. and Mrs. Sim Fuller of Dallas formerly of Cameron. Miss Price is a graduate of Hamilton High School and a 1969 graduate of Howard Payne College. Her fiancé attended Brownwood High School and is currently employed with Marvin Conell Construction Co., of Dallas. The couple will be married on January 24 in the First Baptist Church of Hamilton.

### Schiller Named To Trans States Board

Milton J. Schiller of Cameron has been elected to the board of directors of Trans States Security Life Insurance Company, according to James W. Hampton, president of the company.

A former member of the Texas Legislature, Schiller is now vice president for development and in charge of the Rio Grande Campus of Texas State Technical Institute, a comprehensive vocational - technical school with campuses at Waco and Harlingen.

### PRE-PACKAGED MELONS IN FUTURE MARKETING

The New Year may bring pre-packaged cantaloupes, honeydews and watermelon halved, quartered or sliced into produce departments. Prepackaging ready - to - serve grapefruit halves and peeled oranges are other expected developments.

### TO RENT, BUY, LEASE OR SELL - ADVERTISE IN THE CAMERON HERALD

### Poage To Unveil Historical Marker

COLLEGE STATION, Texas—Contributions of the "Father of Texas Forestry," the late W. Goodrich Jones, will be commemorated in a special Arbor Day program in Jones Park, Temple, on Friday, January 16. The program begins at 10:30 a.m. and the public is invited.

Featured speakers will include the Honorable W. R. Poage, congressman for the 11th Congressional District, Waco; Ollie R. Crawford, president of the Texas Forestry Association, Jasper;

and Paul R. Kramer, director, Texas Forest Service, College Station.

Highlights of the Arbor Day observance will be the unveiling of a State Historical marker and the planting of a specimen pecan tree in Jones Park.

### Local DAV Officer Attends Sen. Cole's Governor For A Day

Mrs. Walter Obermiller, national service officer for the local Disabled American Veterans organization, attended activities honoring Sen. Criss Cole as Governor For A Day on Saturday.

Theme for the day was "Rehabilitation for the Handicapped," Sen. Cole is blind, and is a member of the DAV.

Held at the Terrace Motel in Austin, the activities included a reception in the Governor's office Saturday morning and afternoon, and a luncheon at noon.

Numerous booths were set up in the State Capitol with displays of handicrafts by handicapped children and adults.

During the luncheon Sen. Cole announced that he will accept a judgeship in Houston and will not seek re-election to the Senate this year, Mrs. Obermiller said.

Mr. Obermiller accompanied his wife to the event.

### Lions Hear 'First Hand Of Kerrville School For Blind

Frank Rosmond, a blind youth who has just completed special training at the Lions School for the Blind in Kerrville, was guest speaker for the Cameron Noon Lions Club Monday. He was introduced by Bill Watkins, program chairman.

Rosmond, a graduate of the School for the Blind in Austin and future employee of Texas Instruments, told local Lions about the training he received in Kerrville that will help him be more mobile and independent despite his handicap.

"Thoughtful people are sometimes a hindrance for the blind individual," Rosmond explained. He told how they were trained to move in traffic by sounds and air current and how an offer of help across a busy street brought more confusion than assistance.

Rosmond praised the Lions training program that will enable the blind to be both employed and independent.

The Stiles Farm Foundation strives to demonstrate the value of research - proven practices, said Rinn. The farm operation is self-supporting and is under the trusteeship of the Texas A&M University Board of Directors. It was established in 1961.

### ALL TIPS TAXABLE SAYS INTERNAL REVENUE

All tips are taxable income and must be reported.

In addition, every employee who receives cash tips totaling \$20 or more in any calendar month while working for that employer, must report to that employer the amount of tips received during the month, according to A. P. Andrews, administrative officer of Internal Revenue in Temple.

Cash tips are subject to withholding of income and Social Security taxes and must be reported to the employer on or before the 10th of the following month.

The Internal Revenue Service has available free of charge Document No. 5635, "Employees' Daily Record of Tips and Report of Tips to Employer." This document is a booklet which explains briefly the requirements of the law, has a supply of the forms needed to make the necessary reports, and provides space to record each day's tips for twelve months. Also available, free, is Publication No. 531, "Reporting Your Tips for Federal Tax Purposes."

# Lone Star Sets \$40.9 Million Plan

Lone Star Gas Company and its subsidiaries plan to invest nearly \$41 million construction projects in 1970, a \$6.43 million increase over company's 1969 construction budget, according to Louis G. James, president.

James announced the new budget this week and said that the funds would be used in part to increase the company's gas re-

serves and gas delivery capabilities, improve gas distribution services and extend utility service to a projected 22,200 new customers during the year.

James also said that the 1970 budget represents a continuation of company programs in the areas of safety, air and water pollution control and diversification.

The company's distribution divisions anticipate spending \$11.77 million on construction. Major costs include \$8.39 million for the laying of gas mains in streets and alleyways and the installation of other equipment necessary to furnish service to new customers.

# New Food Packs Replace C-ration

"Of course, they aren't like those meals Mom cooks, but I can't complain," a young combat soldier in Vietnam wrote about food packets now replacing infamous C-rations.

The new packets are freeze-dried Long Range Patrol (LRP) rations.

Soldiers add water to the food or eat it dry like popcorn for light-to-carry, more nutritious

and tastier meals. LRP rations weigh half what C-rations do, reports Sally Springer, Extension food and nutrition specialist, Texas A&M University.

The advantage: LRP's are quick, easy to reconstitute, and are able to withstand free-fall delivery by helicopter.

If other conditions permit, servicemen on patrol missions in the DMZ area, their counterparts in the Central Highlands and men in comparable situations elsewhere can whip up a dinner in less than five minutes by just adding hot water.

Food scientists at U.S. Army Natick Laboratories in Massachusetts developed the food packets specifically for troops engaged in "unconventional warfare operations in remote areas."

U.S. Department of Agriculture researchers helped in technical studies and research on freeze-drying techniques which made production of the packets possible, Miss Springer says.

Each menu features one of these meat entrees: Chicken and rice; beef and rice; beef stew; pork with scalloped potatoes; beef hash; spaghetti and meat sauce; chili con carne and chicken stew. The latter three are especially popular.

Each meal includes a dessert, usually a cereal, fruit or chocolate bar, freeze-dried coffee and often a cocoa beverage mix.

Each flexible film-packaged Long Range Patrol food packet has more than 1,000 calories. When first used in 1964, 300,000 experimental food packets went to Vietnam. The number increased each year. More than 4 million packets went to Vietnam in fiscal 1967.

# Cong. Poage Announces For Re-Election From 11th District

TO MY FRIENDS OF THE 11TH TEXAS CONGRESSIONAL DISTRICT:

As of today I have filed with the County Democratic Chairmen of each of the counties in our District for nomination as our party's candidate for Congressman from the 11th Texas District.

You have honored me with this position for many years. I hope that my service has been helpful. I believe I can continue to be helpful.

You know my record and my views on public issues. I believe in love and respect for my country and for my country's flag. I believe in the enforcement of all our laws. I believe in winning the war. I believe in aid for the needy, but I believe that all who can work should work. I believe in the necessity of sacrifice in order to control inflation. Finally, I believe this is a Representative Democracy and that it is the duty of the Representatives to try to reflect the views of those they represent.

You may not all agree with my views, but I hope that you will all agree that I have sincerely expressed myself and have sought to reflect the judgement of a majority of our people.

You are acquainted with my efforts and the efforts of my staff to aid and develop every part of our District. I look upon this as an important work of a Congressman.

You know of our efforts to assist citizens over the District, who have problems with government agencies. In the past we have been pleased to serve hundreds of veterans, servicemen and individuals. Neither my office nor anyone else will ever be able to get a favorable decision on every case, but I believe that we are in a position to be of more help than any replacement you could put in this office.

On my staff, both in Washington and in Texas, I feel that I have some very competent people who are familiar with the passage of legislation and contacting the governmental departments. They have been with me for many years. Surely, we can all understand that experience (it is called seniority in the case of Congressmen) in anyone increases his ability to render service.

CONG. W. R. POAGE

At present I am one of only 22 Committee Chairmen in the house. As such I have no such dictatorial powers as some believe, but I think it is clear that I am in a position to be of more help to the people of our District than anyone without such seniority.

Therefore, unless you feel that I am utterly unworthy of your confidence, I would think that I am justified in asking your continued support.

You have been fine and kind to me. I hope I can in return give you the best possible representation. However, should I be so unfortunate as to have a serious opponent, I shall expect to spend whatever time and effort is necessary to canvass the District and win the nomination.

With every good wish to each and all of the thousands who have worked with me for so long, I am

Your friend and Congressman,  
W. R. Poage

pd. pol. adv.

# Garage on Counter Stores Appliances

Small kitchen appliances are convenient, but they clutter countertops. Some, like mixers, are too heavy for continual lifting in and out of cabinets.

A "garage" beneath a wall-hung cabinet will keep them handy yet out of sight when not in use. Sometimes a corner installation can do the trick, while taking up a minimum of usable counter space.

Either short louver doors or hinged boards may be cut to fit between counter top and upper cabinet.

## LEGAL NOTICE

NOTICE OF CONSOLIDATION ELECTIONS

THE STATE OF TEXAS

COUNTY OF MILAM

TO THE RESIDENT QUALIFIED ELECTORS OF THE LOTT AND ROSEBUD INDEPENDENT SCHOOL DISTRICTS:

TAKE NOTICE that elections will be held within the Lott Independent School District and the Rosebud Independent School District to determine if said School Districts shall be consolidated as set forth in the attached order which is made a part of this notice for all purposes.

Wayne B. Wieser  
County Clerk,  
Milam County, Texas

AN ORDER OF THE COMMISSIONERS' COURT OF MILAM COUNTY, TEXAS, CALLING AN ELECTION TO DETERMINE WHETHER THE LOTT INDEPENDENT SCHOOL DISTRICT SHALL BE CONSOLIDATED WITH THE ROSEBUD INDEPENDENT SCHOOL DISTRICT

WHEREAS, petitions have been presented to the County Judge of this County praying that elections be ordered to determine whether the Lott Independent School District of Falls County, Texas, shall be consolidated with the Rosebud Independent School District of Falls, Bell and Milam Counties; and,

WHEREAS, it appears and is now found that:

1. Each of the aforesaid school districts are Independent School Districts, one of which is a County line Independent School District, and the districts are contiguous, constituting as a whole one continuous territory; and,

2. According to the last preceding federal census, neither of the Districts was located in whole or in part in a County having a population of 100,000 or more, nor was either of the districts governed by an elected board of nine members, nor did either of the districts have 30,220 or more scholastics according to the last official scholastic census; and, therefore, it is not necessary to obtain the approval of the governing body of either of said school districts prior to the calling of the election herein requested; and,

3. No election involving the same consolidation proposal has been held within one year from the date of this order; and,

4. Each petition is signed by 20 or a majority of the legally qualified voters of the individual districts proposed to be consolidated as now constituted and the same are other wise in conformity with law; and,

WHEREAS, it further appears that there is lawful authority for the calling of an election under the provisions of the Texas Education Code; and, therefore, the petitions as presented should be granted as prayed for; therefore, BE IT ORDERED BY THE COMMISSIONERS' COURT OF MILAM COUNTY, TEXAS:

2. Lott City Hall (Lott Independent School District)

Mrs. C. L. Trice  
Presiding Judge

Mr. H. H. Barganier  
Alternate Presiding Judge

The Presiding Judge at each polling place shall appoint at least two and not more than 3 additional clerks as deemed necessary for the proper conduct of the election, if he regularly appointed presiding judge serves as expected, the alternate presiding judge shall be one of the clerks.

SECTION 3: All electors shall vote in the district in which they reside. Absentee voting shall be conducted at the following places:

Rosebud Independent School District: SUPERINTENDENT'S OFFICE, with Mrs. Leona Hargrove as Clerk.

Lott Independent School District: LOTT CITY HALL, with Mrs. Arthur Bailey as Clerk.

Absentee voting shall be conducted between the hours of 8:30 A. M. to 4:30 P. M. each day that is not a Saturday, a Sunday or an official State holiday, all in accordance with the provisions of Chapter 5, V.A.T.C.S., Election Code.

SECTION 4: The ballots for said election shall be prepared in sufficient number and in conformity with Chapter 6, V.A.T.C.S., Election Code, and printed on such ballots shall appear the following proposition:

CONSOLIDATION

The word "FOR" and beneath it the word "AGAINST" shall be made to appear on the left of the proposition. A square shall be printed on the left of each of the words "FOR" and "AGAINST", and each voter shall place an "X" in the square beside the statement indicating the way he wishes to vote.

SECTION 5: None but legally qualified voters who are residents of said Lott Independent School District and Rosebud Independent School District shall be entitled to vote at respective elections herein ordered.

SECTION 6: It is further ordered that the County Clerk of this County shall give notice of said elections by publication of a substantial copy of this order in a newspaper published in this County, such publication to appear one time at least twenty (20) days prior to the date of the election.

PASSED AND APPROVED this 12th day of January, 1970.

O. B. Harden  
County Judge,  
Milam County, Texas
